WHO WE ARE

ASDS is a trusted technology partner, providing innovative digital solutions since 2001. Our team of experts specializes in custom software, web development, and cloud services designed to drive business growth. With a commitment to quality and client success, we deliver scalable, future-ready solutions that empower businesses to excel in the digital age.

OUR MISSION

To deliver innovative and reliable technology solutions that drive business success while maintaining a commitment to excellence, integrity, and client satisfaction.

200+ Extensive Client Network across Delhi

With more than 200+ clients across Delhi, ASDS has built a reputation as a reliable partner in delivering cutting edge technology solutions. Our focus on quality, innovation, and client satisfaction has earned the trust of businesses of all sizes, enabling us to foster long-term relationships and contribute to their success.

OUR SERVICES

1. Winsoft Thrift & Credit Software

Winsoft is an advanced Account Management Software designed specifically for accounting firms by experts with over 10 years of experience. TC-Soft offers comprehensive financial accounting integration, enabling businesses to operate paperlessly. Developed on the latest .NET technology, TC-Soft ensures top-notch data security and seamless performance, making it an all-in-one solution for modern financial management.

2. Website Development

ASDS offers professional website design, development, and maintenance services, covering everything from basic brochure sites to intricate, multi-functional web portals. Leveraging a wealth of resources and in-depth business and technical expertise, we build websites of any complexity. Our team delivers complete front-end and back-end solutions, utilizing the latest technologies and industry standards to ensure top-quality, scalable, and future-proof results.

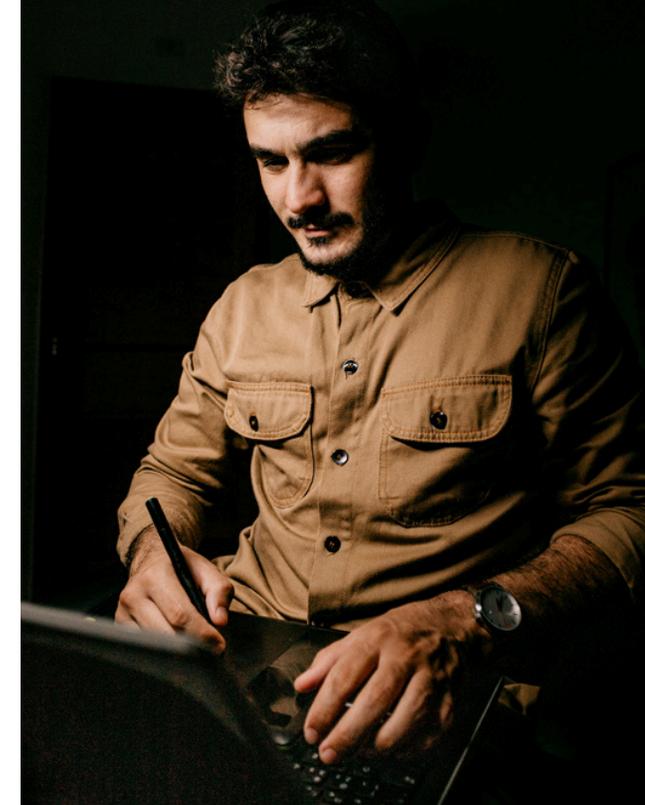

3. Web Hosting

ASDS, we offer reliable and secure web hosting solutions tailored to meet the unique needs of businesses of all sizes. With our extensive experience in technology and a deep understanding of customer requirements, we provide web hosting services that ensure your website stays online, loads quickly, and is accessible.

4. Cloud Hosting

ASDS delivers advanced cloud computing solutions that empower businesses to scale, innovate, and remain competitive in today's dynamic digital environment. Our secure, flexible, and high-performance cloud infrastructure helps streamline operations and lower IT costs.

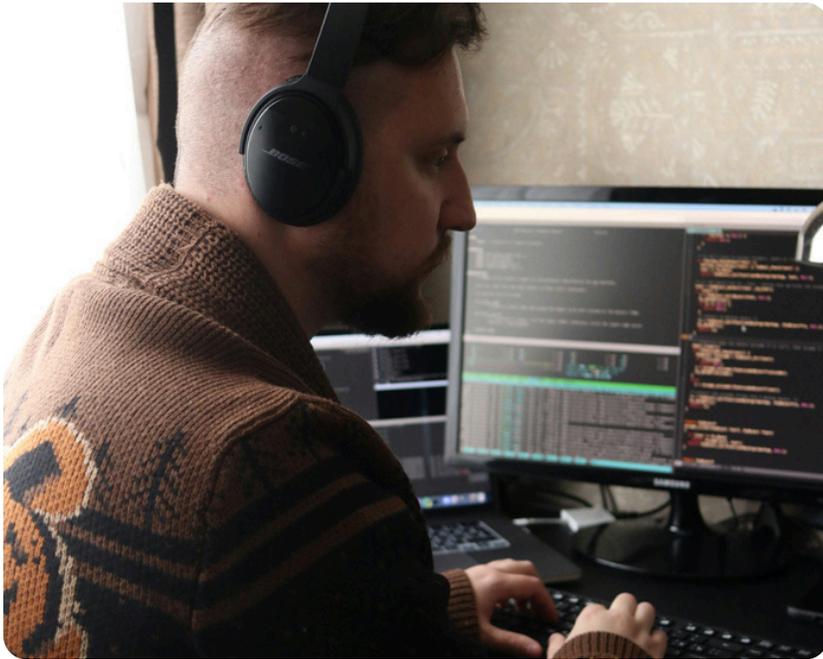

5. Bulk SMS

ASDS offers a fully featured Bulk SMS service, enabling you to send notifications, advertisements, and alerts with ease. Quickly and efficiently deliver messages from your computer or server via the world's largest SMS network, managed by industry experts with over 10 years of experience.

6. Design and Animation

ASDS provides a full range of graphic design services, including logo design, corporate identity development, and multimedia presentations. A strong corporate identity and logo design boost brand credibility and recognition. Our skilled designers create fresh, creative, and eye-catching logos, or enhance your existing logo for web use with the latest graphic tools.
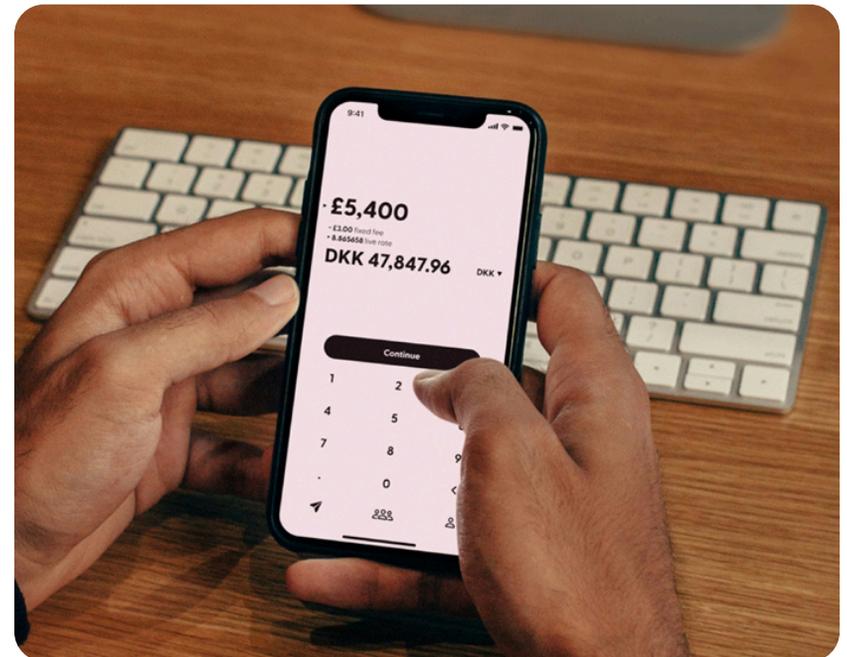

7. Custom Software Devlopment

ASDS specializes in custom software development, creating applications tailored to specific client needs from the ground up. This process requires a deep understanding of client requirements, allowing us to deliver innovative solutions that align with business objectives. Our approach combines creativity with a focus on practicality, ensuring successful software customization. With a dedicated team of experts, we collaborate closely with clients throughout the development process to guarantee their vision is realized effectively and efficiently. Our goal is to empower businesses with software that drives growth and enhances operational efficiency.

8. T&C Mobile App

TCSociety is an all-in-one app that simplifies managing society accounts and financial operations. It enables users to track expenses, manage budgets, and Loan repayments in real time. With features like secure online payments and detailed reporting, TCSociety enhances efficiency and transparency while protecting sensitive financial information, making it ideal for societies of all sizes.

9. WebTcSoft 3.0 (Web Based)

Winsoft 3.0 is the newest version of our cutting-edge web-based Account Management Software, expanding on the solid framework of its predecessor. Tailored for Account Companies, this upgraded release introduces advanced features and improved functionality to meet the growing demands of today's businesses.

Why Choose Us ❓

- **Expertise:** Our team of developers, designers, and IT specialists bring a wealth of experience to every project.

- **Innovation:** We leverage the latest technologies and trends to create future-proof solutions.

- **Customization:** We understand that no two businesses are alike, so we provide fully tailored services.

- **Commitment to Quality:** From initial consultation to final delivery, quality and customer satisfaction are at the core of everything we do.

- **Proven Track Record:** 95% positive feedback and high client retention rate (90% of income from repeat business) speak to our commitment to delivering results.

- **Cost-Effective Solutions:** leverage industry best practice and robust coding standards to keep costs low while ensuring high-quality results.

- **Dedicated Support:** Providing ongoing support and maintenance to ensure your solutions perform optimally.
